

CHAODA BDC

ROAD MAP GUIDELINES

ONE

Arrival to Airport

As our staff will identify you within the airport and accompany you outside after the necessary paperwork has been completed, you will be instructed to transmit a full body image before leaving the departure airport.

TWO

Cab pickup - from Bangkok airport

The taxi driver will accompany you to the hotel room that was reserved in your name.

THREE

Arrival to the Hotel

When you get to the hotel, we'll make meal arrangements for you. There, you may rest for around six hours.

FOUR

Pick-up to Mae-sot

You will be driven approximately six hours to the Mae-sot area in a taxi.

FIVE

Stay at Mae-sot

You will have a short break, eat food at a hotel in Mae-sot, and then wait to be driven towards our firm in a car.

SIX

Drive towards IT park

You will be driven in an off-road vehicle toward the IT park, which is situated in the borderlands between Myanmar and Thailand.

SEVEN

Changing Vehicles

Due to availability and bad roads,

your car may be changed. You will encounter terrible roads because the government did not build the road, but the trip won't take much longer.

EIGHT

Crossing a River

Due to the lack of a bridge that can accommodate vehicles that has been completed to date, you will be brought in a boat to cross a river along the trip.

NINE

A short journey towards IT park

Because the IT park is close to the border, military checkpoints will frequently be present, examining your belongings and other paperwork. We won't be gone more than an hour on this excursion.

TEN

Gate-PASS

You have successfully arrived in the IT-park. Our staff will direct you from the Security Gates.

ELEVEN

Entry to the IT-Park

You will be led to lodging after being escorted to a hospital for a covid test. You can relax and settle there until the authorities summon you for a meeting and your inclusion in the specifics of the task.
